

# — SNOW OR EXTREME WEATHER —

Your Health and Safety Committee would like to remind you that in the event of snow or extreme weather, members are encouraged to:

1. Visit the [UVic home page](#) for information.
2. Download the [UVic SafetyApp](#) (free to download at the Apple App Store or Google Play).

In the event of snow or extreme weather, check the [UVic home page](#) for current information; including safety precautions, service disruptions, class cancellations and campus closure. Information will also be posted on [Facebook](#) and [Twitter](#).

## Tips & reminders:

- When severe weather is predicted or occurring, check the UVic home page for any advisories.
- Wear appropriate clothing—including footwear—suitable for the conditions. Stay visible.
- Plan ahead and make safe choices for travel to and from campus.
- If your vehicle is not equipped for winter driving conditions, use other transportation options.
- Allow extra travel time. Use main routes as these will be cleared of snow first.
- Review the snow-clearing map for [buildings & pathways](#)
- Use the main entrances to campus buildings. These will be cleared of snow and ice first.
- Be patient. Facilities Management staff will work as quickly as possible to clear snow and ice according to campus priorities.
- If working alone familiarize yourself with the [Campus Alone Program](#).
- Report unsafe conditions to Campus Security at 250-721-7599
